

Lee Johnson, Marc and Garnet Venables

Bach family aboard *Penelope*

Boaters Beach, West Dennis

Saturday, 8 September was our **Bass River Rendezvous** and it was an absolutely perfect day! We watched **Dave Akin** sail down Bass River in his 30 foot cat-ketch with truncated sails at 1030, then return from the sea a half hour later to attend the doings at Boaters Beach.

Lee Johnson, Marc & Garnet Venebles arrived in kayaks, **P/C Dave Atwood** arrived aboard *DominO* with **Norma Atwood**, and **Walt Penczar**, **P/C Charles Burke & Gail Burke** came in the *Sea & Skye*, **P/C Bob Bach**, along with **Penny Bach** & their family sailed in on the *Penelope*, **P/C Michael Leyden**, and **Lt/C Deirdre Leyden** arrived aboard their 17' *Mako*, their guests, **Ken & Barbie Daignault** brought their boat as well.

Nick Rowan, Dave Atwood

Gail Burke, Paula Bacon, Mary Ann & Jim Morse, Mary Lou Walsh, Carol Hilton

Several members, and guests drove down to West Dennis Beach; **Cdr Mary Lou Walsh, Paula Bacon, Evan & Joan Croft, John & Carol Hilton, Nick Rowan, Jim & Mary Ann Morse, and Bob Williams. Max Sarazin** and his wife, brought the bocce set, telling us it was tough walking to the beach with 8 balls. **Len & Lyn Solomon, Paul Schwalm**, also guests of the Leydens, arrived by car.

Michael Leyden, fired up a good sized grille, and setup a neat table with 4 plug-in legs. Everyone brought something for the picnic — there were all kinds of goodies to eat.

Then the fun began with all-terrain bocce with the gulls playing the buoys. We now use a ladies tee to level the playing field, and of course the ladies won under the circumstances with a score of 7-6, or was it 7-5? As **Max** has said before, the ladies lie and cheat, but the men only lie when they cheat.

It was a great time, and we enjoyed each others company. If you missed it this year—plan on it for next year!
